

## DVD Copy™ 6

Easily Copy DVDs, and create DVD video & DivX® discs.

Corel® DVD Copy™ 6 makes it easy to copy DVDs and create DVD video and DivX discs. Enjoy quick one-click DVD copying, or compile your video clips on to a disc to watch on your DVD player. Easy, fast and reliable, DVD Copy 6 is your hassle-free video copying tool.

## What's New

### Everything you need – in 3 easy steps

DVD Copy 6 offers a simple process to complete most tasks: Just choose Source, Target drive and format, click Start, and you're on your way to a perfect copy!

**More user-friendly** – The animated Selector Wheel makes choosing tasks easy and fast. Realistic icons clearly show output options for the task at hand.

**Switch languages** – At any time, switch the entire user interface language – great for bilingual environments.

### More formats and devices supported

**DivX® HD Support** – Import and create High-definition DivX HD video files of up to 1280x720 frame size. Burn 2 hours of High-definition video to DVD discs with the original subtitles, audio tracks and even interactive navigation menus, that plays on DivX Hi-Def DVD players.

**H.264 HD Support** – Encode your HD video in cutting-edge H.264 HD and save disc space while maintaining great quality.

**MPEG-2 HD Support** – Convert video to HDTV format for playing on your home theater.

**XVid support** – DVD Copy now supports this popular P2P file format, giving you access to much more material.

**Vista-Certified** – Fully certified to work with your new Windows Vista™ operating system.

### Faster performance

**Faster opening time** – DVD Copy 6 launches twice as fast as previous versions. Less waiting means quicker copying!

**Intel® Core™2 Duo Certification** – DVD Copy is optimized for faster copying and conversion on the new Intel processors.

*Note: DVD Copy will not copy protected material.*
