Tutorial 10: Resize a Scrapbook Template to Fit Your Album

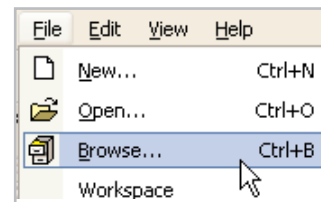

# Open the Template & Add Photos

1. Choose **Start > Programs > Jasc Software > Jasc Paint Shop Pro** or double click the Paint Shop Pro icon on your desktop.

2. Choose **File > Browse**, to open the Paint Shop Pro Browser. Use the Browser to navigate to your desktop, or the folder where you stored your scrapbooking template.

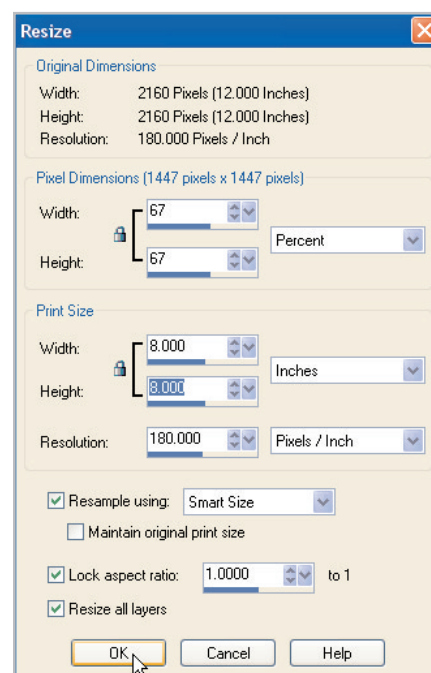

3. Once you locate the template, double-click it to open in Paint Shop Pro.

# Resize Your Layout

4. Now, to resize your layout to fit an 8"x8" album, choose **Image > Resize**. In the Resize dialog change the Print Size to 8 inches, make sure the **Lock aspect ratio** box is marked and is set 1 to 1. Also be sure to mark the **Resize all layers** box. Once you're done, click **OK**.

# Customize Your Layout

5. That's all there is to it! Now just add your photos, personal journaling, and you're ready to print a layout that will fit your album. You can use the Resize dialog to resize any layout to fit your album.

## Next Steps:

Now that we've shown you how to resize your layouts, you can use the Paint Shop Xtras Scrapbooking Edition templates to create your personalized scrapbook album in any size you like!
