Ulead® PhotoImpact® X3

Easy Photo Editing and Amazing Digital Art

What's New

Ulead® PhotoImpact® X3 combines full-featured photo editing with inspiring photo projects and amazing digital art to make digital photography and image creativity fun, fast and easy. Quickly touch up your favorite snaps with innovative ExpressFix editing. Use drag-and-drop layouts to create memorable photo gifts in just minutes. Share your life and memories with family and friends, by printing, email, or Blog. Award-winning PhotoImpact is creative photo editing software that fits your lifestyle.

Make Every Photo Special

PhotoImpact is perfect for quickly enhancing all your photos with one-click corrections and easy composition tools.

PhotoImpact X3 is now more convenient, easy and practical thanks to an improved interface, more intuitive correction and enhancement tools and the inclusion of Corel MediaOne Plus for managing your entire photo collection.

Enhanced! ExpressFix

Handy ExpressFix mode is now even easier to use and provides a broader range of tools for quickly improving photos.

- **Natural order -** tools are presented in the sequence in which you most often use them making the workflow simpler and more intuitive.
- A new **Straighten Tool** now lets you adjust crooked pictures taken at an angle directly in ExpressFix.
- New **Crop Tools** let you enhance photo composition directly in ExpressFix.

NEW! Next-generation Crop tools

PhotoImpact now offers exciting new ways to improve the composition of your photos for maximum impact:

- **Rule of Thirds Crop** – Align major photo elements along the lines for more balanced and dynamic images.
- **Golden Ratio Crop** – Used by the masters to proportion their work, this classic technique helps in establishing focus and composing powerful images.
- **Crop Tools** are available in both ExpressFix and Full Edit modes.

NEW! Corel® MediaOne™ Plus* Digital Media Management

Keep track of all your digital images with this complete media management suite.

- Import, tag and sort your photos and video, and find any image fast.
- Create Smart Collections to group your photos in the ways you want.
- Easily add descriptions and tags to retrieve images individually or in groups.
- Create video slideshows to send to friends and family.

  *DVD Maker not included

Enhanced! Friendlier Interface

The PhotoImpact interface is now simpler, more intuitive and more appealing.

- The enhanced **Welcome Screen** lets you jump directly to browsing photos, photo editing, or creating photo projects.
- **ExpressFix** presents tools an easier-to-use, more natural sequence.

NEW! Resample for Email

One-click resizing of photos for emailing.

- Instantly resize photos for easy compression so they look great on today's monitors.

Enhanced! RAW File Support

Brighter previews, improved performance and a greater number of supported camera models make working with your RAW images easier than ever.

Take Your Photos to New Places

The SHARE button offers easy wizards to create fun photo projects and gifts. Choose from over 200 customizable templates for a wide range of ways to share your pictures.
