

COREL®

Ulead® VideoStudio® 11

Powerful Video Editing and DVD Authoring Made Easy

What's New

Ulead® VideoStudio® 11 is easy-to-use video editing and DVD authoring software that lets anyone create and share great-looking videos, slideshows and DVDs. Work quickly with timesaving Wizards, or get creative with easy hands-on tools. Put your video on DVD, tape or the Web, to share with family and friends.

Enhanced Movie Wizard Templates

- Automatically create **exciting movie-style openings** using your video.

New Auto Features

- **Auto Subtitles in DV-to-DVD Wizard**
Automatically add DV date and timestamp as you capture your videos, to instantly identify when it was shot.
- **Smart Project Package**
Free up disc space by exporting your trimmed and edited project to a new folder, for efficient archiving of only the clips that you have used in your final movie.

More Flexible User Interface

- **Preview Window for overlays** shows original overlay image, making it easier to adjust chroma key settings.
- **Place cue marks** on the timeline to easily mark where you want a title to start, or perhaps some music to come in.
- **'My Favorites' folder** in Transitions Folder makes it easier to find the most-used transitions quickly.

New Encoding Options

- **MPEG Optimizer** analyzes the bitrates of all clips on the timeline, and suggests encoding settings to ensure the least re-rendering for the best quality and speed.
- **Safely Pause** rendering at any time when you need to do something that requires more PC resources.

Expanded Title and Subtitle Support

- **Multi-language titles** such as double-byte Chinese, Japanese and Korean characters supported.
- **Unicode character set** supported to simplify multi-language titles.
- **Rotate titles** directly in the preview window to any angle you like.
- **DVD Sub-Title Import** lets you Import a subtitle set in the language of your choice together with the video from a DVD.
- **Sync subtitles** to downloaded movies, which often have subtitle files available in .srt format that will automatically synch to the video when burning a DVD.

More Filters and Effects

- **Corrective Video Filters**
 - **Auto Color & Tone** will auto-correct the color and tone of videos that were recorded in low light or less than perfect white balance conditions.
 - **DeBlock Filter** cleans up video with blocky compression artifacts, such as movies copied from VCD.
 - **DeSnow Filter** removes digital noise from your videos shot in low light.
- **Overlay videos** can have transparency, mask and chroma key effects combined and can be cropped on-screen to remove any unwanted elements.

Enhanced DVD Menus and Authoring

- **Lots More Content.** New Flash Animations, Movie Wizard Video & Slideshow Style Templates, and DVD menus.

The Most Complete Solution

- **New mobile devices supported:** Share your movies on the go with Zune™ and Smartphones (Windows Mobile 5.0 supported).
- **Windows Vista™** Certified to work with the latest-generation systems.
