

# WinDVD® 9

The World's #1 DVD and Video Playback Software

## What's New

WinDVD® 9 is the world's leading DVD and video playback software delivering superior audio and video quality in a stylish and easy-to-use application. With broad format support, state-of-the-art quality enhancement technologies and unique features for watching movies on the go, WinDVD sets the standard for the best entertainment experience on your laptop and desktop PC.

### Stylish Good Looks

- **New graphite color** – Up-to-date and professional look.
- **New layout** – A clutter-free and easy-to-navigate interface.
- **Compact Mode** – Instantly hide navigation controls for a clean, sleek look.
- **Switch to full-screen playback** with a single click.
- **Message Center** – Don't miss out on product updates, exclusive offers and fun tips and tricks!

### Technology Powerhouse

#### Improve the playback quality of your DVDs!

- **Upscale** your DVDs to play with better-than-original clarity.
- **Upsampling technology** doubles the resolution without sacrificing picture detail.

#### Enhance low-resolution video

*Clean up digital artifacts from MPEG video.*

- **De-snow filter** removes digital noise from low-resolution video.
- **De-block filter** removes blocky digital artifacts from compressed video.

### The best of the audio world

- **DTS® 2.0 Channel** – Support 2-channel digital sound for titles with DTS technology.

### More video effects and convenient playback controls

- **Enhanced UPnP Client** – Plays back content from other UPnP-certified devices within home network, with thumbnail views of available clips on the network.
- **Enhanced Capture Image/QuickClip** – The new capture controls make it even easier to grab your favorite movie scene as a still picture or animated clip, that you can easily share with friends via email or mobile phone!
- **Enhanced Instant Replay** – Ctrl-B lets you jump back to the line you missed, or catch that action sequence again

### Ready for Next-Gen HD DVD® and Blu-ray® Movies!
