

# WinDVD® 9 Plus

The World's #1 DVD and Video Playback Software

## What's New

WinDVD® 9 Plus is DVD & video playback software that delivers quality and entertainment in style. Enjoy DVDs as never before with state-of-the-art HD-quality upscaling. Watch your movies on the go, with advanced battery optimization and unique TimeStretch play back control for laptops. Play home movies recorded on the latest High-Definition AVCHD camcorders. For those who want the best, WinDVD 9 offers the ultimate DVD and video playback experience.

## DVD & Video Playback for Today

- **Entertainment** – Experience standard DVDs at amazing HD resolution with state-of-art upscaling and motion enhancement.
- **Memories** – Enjoy the full quality of High-Definition home movies recorded with the latest AVCHD camcorders.

## Stylish Good Looks

*The sophisticated graphite interface blends seamlessly with your Windows® XP or Vista® desktop.*

- **New graphite color** – Up-to-date and professional look.
- **New layout** – A clutter-free and easy-to-navigate interface.
- **Compact mode** instantly hides navigation controls to show just your video.
- **Switch to full-screen playback** with a single click.
- **Message Center** – Don't miss out on product updates, exclusive offers and fun tips and tricks!

## Technology Powerhouse

*Maximize your viewing experience with state-of-the-art audio and video technologies, and unique features for watching movies on the go.*

### Make your DVDs look like HD video!

- **Unique All2HD upscaling** converts standard DVDs to crisp High-Definition video with outstanding color and clarity.
- **Auto-scaling** intelligently tailors playback to fit monitor resolution and refresh rate
- **Advanced de-interlacing** auto-detects film frame rate and ensures crisp edges even on fast-moving objects.

- **Digital Natural Motion** – choose from several presets for the smoothest possible playback.
- **Image sharpness** can be adjusted for a better-than-original look.

### Enhance low-resolution video

*Clean up digital artifacts from MPEG, H.264 and VC-1 video*

- **De-snow filter** removes digital noise from low-resolution video.
- **De-block filter** removes blocky digital artifacts from compressed video.

### More video effects and convenient playback controls

- **Enhanced UPnP Client** – Plays back content from other UPnP-certified devices within a home network, with enhanced thumbnail views of available clips on the network.
- **Enhanced Capture Image/QuickClip** – The new capture controls make it even easier to grab your favorite movie scene as a still picture or animated clip, that you can easily share with friends via email or mobile phone!
- **Enhanced Instant Replay** – Ctrl-B lets you jump back to the line you missed, or catch that action sequence again!

## Complete Format support

*Enjoy reliable playback of High-Definition or standard definition video recorded from HDTV, camcorder, or downloaded from the Web.*

- **H.264 Support** – Smoothly plays back the next-generation High-Definition format for premium content and downloaded video.
- **AVCHD™** - Supports playback of video from AVCHD™ camcorders, either copied from the camcorder hard drive, on AVCHD disc, or memory card.

### **Ready for Next-Gen HD DVD and Blu-ray Movies!**

*Upgrade to High-Definition disc playback with the **WinDVD 9 HD DVD®/Blu-ray® Pack**. Purchase separately from [www.corel.com](http://www.corel.com). You'll be watching the latest blockbusters, in HD, in no time!*
