**WordPerfect Office 12 will open the vast majority of files created in Microsoft Word and Microsoft Excel. Due to differences in the applications, on occasion a file may not open and, in some cases, formatting may not be identical. Whenever possible, Corel has made attempts to correctly convert files. Corel cannot guarantee full compatibility with future versions of Microsoft Office. WordPerfect Office 12 has been designed to open and save files up to Microsoft Office 2003. WordPerfect Office 12 is a product of Corel Corporation and is not manufactured, distributed or endorsed by Microsoft Corporation.
