

Feature Comparison

Compress/Decompress	Standard	Pro
NEW! Zip and unzip files quickly and easily with a brand new zip engine	/	1
Compress files to save space and reduce transmission times	V	1
Compress multiple files instantly using WinZip's handy Zip button*	/	1
Split large Zip files so they fit on removable media	V	1
Zip and unzip very large Zip files (>4GB)	V	1
Create Zip, LHA, and Zipx files—our smallest Zip files ever	V	/
Open and extract Zip, Zipx, RAR, 7Z, LHA BZ2, CAB, IMG, ISO, and most other compressed file formats	V	/
NEW! Drag files onto the new WinZip Desktop Gadget to instantly zip/unzip them	/	•
Utilize 'Best Compression' method to maximize efficiency automatically based on file type	/	1
Reduce JPEG image files by 20 to 25% with no loss of photo quality or data integrity	/	1
Use '1-Click Unzip' to automatically extract the contents of an archive into a folder it creates, and then open that folder in Windows Explorer for easy editing access*	V	•
'Auto Open' a zipped document, spreadsheet, or presentation in its associated Microsoft Office application by simply double clicking the Zip file within Windows Explorer or Microsoft Outlook*	V	V
Use 'Open With' to unzip a compressed file using the default Windows file association (or an application you specify), and, if you make changes to the opened file, WinZip will offer to save them back to the Zip file for you*	V	V
Use 'Save As', 'Rename', and 'New Folder' commands to easily manage Zip files	V	V
Experience faster zipping performance on most files using optional LZMA compression	V	V
View international characters in filenames thanks to WinZip's Unicode support	V	V
Encrypt/Decrypt	Standard	Pro
Encrypt and decrypt confidential files and email attachments	V	V
Simply check 'Encrypt' to password protect your files and keep them completely secure	1	V
Secure sensitive data with strong, FIPS-197 certified AES encryption (128- and 256-bit)	1	V
		-
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M)	/	V
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M) to prevent misuse	V	V
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M) to prevent misuse Take advantage of hardware acceleration available in certain Intel-based computers for even faster AES encryption	V	V
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M) to prevent misuse Take advantage of hardware acceleration available in certain Intel-based computers for even faster AES encryption Establish your own password policy by defining complexity requirements	V V V	V
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M) to prevent misuse Take advantage of hardware acceleration available in certain Intel-based computers for even faster AES encryption Establish your own password policy by defining complexity requirements Set or disable available encryption methods	<i>V</i>	•

Package & ShareContinued	Standard	Pro
Create self-extracting archives (.exe files) to send to people that may not own WinZip using the built-in 'Self-Extractor Personal Edition'	V	1
Display photos in Zip files without extracting them, using WinZip's internal image viewer		1
Use the 'Photos' button to quickly transfer photos from supported cameras and iPhones then rotate and compress them into picture shows that are ideal for sharing		1
Backup & Automate	Standard	Pro
Prevent data loss with WinZip's automated data backup facility		1
Backup your documents, email, desktop, favorites, pictures, libraries, etc. with just a click, using one of the predefined backups on the 'Backup' tab*		1
Create custom backups for select files or folders		1
Backup photos directly from your digital camera*		1
Burn backups to CD or DVD, and automatically split them over multiple disks if necessary		1
NEW! Email backups automatically from virtually any email address you use		1
Upload backups to an off-site server using WinZip's internal FTP client		1
Define custom WinZip jobs to automate routine zipping tasks		1
Schedule backups and other WinZip jobs to run automatically and unattended		1
NEW! Email log files from virtually any email address upon completion of backups or other automated jobs		1
Use the 'WinZip Command Line Support Add-On' for scripting (free add-on)	V	1
Simplify
