

## **Corel® VideoStudio® Pro X4 Screen Capture Info**

When using the screen captures included on this disc, please note the following images (available in both print and web versions) represent dual monitor support in Corel® VideoStudio® Pro X4:

- VSPX4-Multi-Monitor-Support-Two-Screen-Joined
- VSPX4-Multi-Monitor-Left-Screen-Image-1of2

It is suggested that you use either the image of the two screens joined or the two individual images together to ensure an accurate representation of the Corel VideoStudio Pro X4 user interface when used on dual monitors.
