

## **Corel Launches Corel® WordPerfect® Office X6**

*Latest Release Builds on Trusted Compatibility, Legendary Formatting Control and Unique PDF Capabilities to Provide a Complete Office Solution*

**Maidenhead, UK – April 26, 2012** — [Corel](#) today announced the release of [Corel® WordPerfect® Office X6](#), one of the world's best loved productivity suites known for its reliability, power and ease of use. Adapting to the way users work, WordPerfect Office X6 offers time-saving enhancements and delivers productivity gains through new multiple monitor support, advanced file previewing, Bates numbering (used to place identifying numbers on documents), and additional macros, plus an eBook Publisher. This new version of WordPerfect Office includes a new WordPerfect® Document Viewer for Android™ devices. Whether at the office or on the go, WordPerfect Office X6 builds on the core functionality that users have come to love, delivers new features to meet our users' changing needs, and provides continuity within their [office suite](#).

### **Evolving the World of WordPerfect to Meet the Needs of the Community**

“With WordPerfect Office X6, we listened to our community and focused on continuing to deliver the unique, industry-leading capabilities that they depend on to get the job done. We've also introduced new capabilities and adapted the suite intelligently to respond to the changing environment and needs of our loyal users,” said Peter Hanschke, Director, Product Management, Productivity at Corel. “WordPerfect Office X6 is more than words and numbers— with its legendary formatting control, the suite encompasses a familiar set of powerful tools that are designed to help our users be as productive as possible, wherever their office may be.”

### **Smart Enhancements Offer Additional Power to the Suite**

The new version of WordPerfect Office includes a number of unique capabilities such as built-in PDF functionality and Microsoft® Office file format compatibility, along with new additions that provide more value and power to the all-in-one office solution:

- **New! Multiple Monitor Support:** Work on several documents at the same time by opening as many copies of WordPerfect as needed on separate monitors

- **New! Advanced Preview:** Save time by previewing WordPerfect files in Windows® Explorer and as attachments in Microsoft® Outlook® without having to open them. Right click on the WordPerfect file for a range of selections including the option to search, copy and select text, print the document or browse the file all within the new preview mode
- **New! Bates Numbering:** Easily insert Bates numbers in WordPerfect documents (individually or batch) where every page is assigned a unique, incremental number for quick identification
- **New! Macros:** With multiple find and replace capabilities and word search/highlight, these two new macros have been added to improve efficiency

### **Expanded Suite Delivers New Productivity Tools**

The latest release, now with an expanded set of applications, includes additional tools to make the office as productive as possible:

- **New! eBook Publisher:** Become a self-published author with an easy to use tool that creates MOBI eBooks for devices such as the Kindle
- **New! Corel® VideoStudio® Essentials X4:** Get started with video by making movies and slideshows for business or pleasure that can be uploaded to YouTube® or shared on Facebook®
- **New! WinZip®, WinZip® Courier™ & ZipSend™:** WinZip delivers fast file compression/decompression, a streamlined design and significant new file sharing functionality including ZipSend's cloud service and WinZip Courier's automatic email attachment compression
- **Enhanced! BrainStorm® QuickHelp™ Training:** Now integrated within WordPerfect, BrainStorm's online video-based training is available with one click on the toolbar

### **Introducing the New WordPerfect Document Viewer for Android™**

Adding to the WordPerfect family of mobile viewers, the WordPerfect Document Viewer will be available for Android devices. Now users can open and view WordPerfect email attachments and downloaded files on Android devices, so they can stay connected to important information when they are on the go. The WordPerfect Document Viewer will be available for Android users running version 2.3 or higher and can be downloaded from the Android Market in Google Play on Monday, 4 May.

The WordPerfect Document Viewer is also available for the [iPhone®](#) and [iPad®](#) and can be downloaded from the Apple App Store.
