

## **Corel to run free CorelDRAW® Graphics Suite X6 workshops at Sign & Digital UK**

*Tailored tutorials and exclusive offers available at UK's premier visual communications event*

**Maidenhead (UK) – Thursday 18 April, 2013** – Corel will showcase the latest version of its flagship product, [CorelDRAW® Graphics Suite X6](#) at this year's [Sign & Digital UK](#), the UK's premier visual communications event at the NEC, Birmingham on Tuesday 30 April to Thursday 2 May. Each day, Corel will run six different tailor-made workshops in the Corel Theatre at stand C60 covering; new features, custom fonts, branded goods, marketing collaterals, vehicle signage and embroidery.

Sign & Digital UK provides Corel with the perfect platform to exhibit its award-winning graphic design software. The show offers exclusive access to the sign making and digital printing industries' latest innovative products, technologies, services and applications and is seen as the leading event of its type in the UK.

Attending the show, Marketing Manager for Corel, James Phillips said: "The sign industry is a very important market for CorelDRAW and we look forward to demonstrating the significantly improved workflow, performance and raft of new features in our latest version. CorelDRAW continues to be the leading graphics solution for those in production-related businesses. We will be offering exclusive free workshops to visitors showing how they can achieve their goals in their daily work as quickly and easily as possible."

### **Exclusive special offers**

Exclusive special offers, including a discount of up to 25% on some of Corel's major brands, will be available from our registered resellers exhibiting at Sign & Digital UK; [Radecal Signs](#) on stand H30, and [Signmaster Systems Ltd](#) on stand J50.

### **Timetable**

Details of the free workshops, including a timetable and course content can be [downloaded from the Corel newsroom](#).
