

New Corel® Painter® 2015 Reaches New Levels of Innovation with Particle Brushes

Latest Release Delivers on Artists' Top Requests with Performance Enhancement and a Mobile App

OTTAWA – August 12, 2014 – [Corel](#) today released Painter 2015, the latest version of its digital art software package. Known as the world's most realistic [digital paint program](#), Painter 2015 builds on this reputation with revolutionary Particle Brushes, 64-bit support for Mac and the new Painter Mobile app for Android. Artists can enjoy other new features that will enhance their workflow, such as Real-Time Stylus support, Custom User Interface Palette Arrangements and improved cross-platform performance, making the program 40 percent faster than previous versions.

"The new revolutionary Particle Brushes will change the digital art landscape," said Chris Pierce, Product Manager, Corel Painter. "Painter 2015 makes it easy for artists to create effects unlike anything they have seen before, with a simple brush stroke. With the improved stability and enhanced performance, artists can focus on their creative process, and forget about the technology."

New and Enhanced Features:

Painter has become the most trusted Natural-Media® software application among artists all over the world. Whether it's traditional art, illustration or photo art, Painter delivers the tools and functionality that artists need to create stunning works of art. Some of the new and enhanced features of Painter 2015 include:

- **NEW Particle Brushes:** Uses the laws of physics to create, with a simple brush stroke, unique effects never created before
- **NEW 64-Bit Support for Mac:** Delivers major performance enhancements and options for Mac users
- **NEW Jitter Smoothing:** Gives brushstrokes a more organic look by delivering natural-looking space and flow
- **ENHANCED Cross-Platform Performance:** Increases speed on both Mac and PC; brushes are up to six times faster and overall performance is 40 percent faster than in previous versions
- **NEW Custom User Interface Palette Arrangements:** Jump-starts the artist's workflow by displaying only relevant palettes and tools based on a specific genre of art (traditional art, photo art, etc.)
- **NEW Real-Time Stylus & Windows Tablet PC Support:** Allows artists to create on the go by combining their Tablet PC with Windows Real-Time Stylus; this is made possible by Intel's 2 in 1 technology

- **ENHANCED Brush Tracking:** Adapts the program to the artist's specific style by applying the appropriate settings for individual pressure and velocity

Pricing and Availability

Painter 2015 is available in English, German, French, Chinese Traditional and Japanese. It can be downloaded at PainterArtist.com. Box versions will begin shipping on August 26, 2014.
