

Corel WinDVD 9 Activation Instructions

Step 1: Launch Corel WinDVD 9. Close the program. The trial version splash screen will appear.

Step 2: From the trial version splash screen, click "Enter Key".

Step 3: Follow [this link](#) to connect to your account at Corel.com and retrieve your order email. The order email contains the serial key that you will need to activate Corel Photo Album 6.

Step 4: Type in the serial key in the text field as shown below. It is recommended to copy and paste the serial key from the order email to the text field.

Corel WinDVD

Corel® WinDVD® 9

Please enter your Key:

Then choose the most appropriate option below:

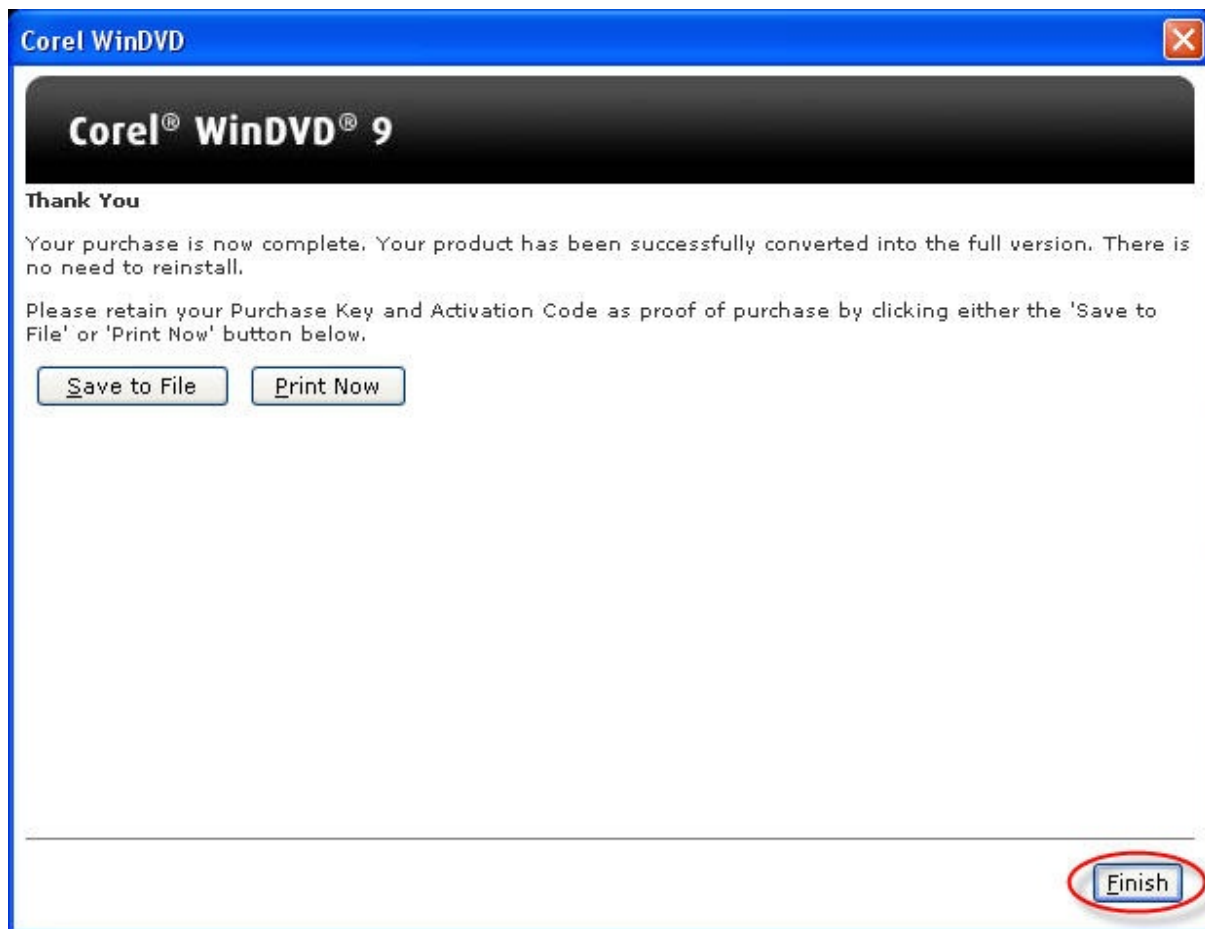

Connect to Internet? Connect to the Internet to activate your product. Corel Account sign-in may be required.	Working off-line? Contact a Corel Customer Service representative in your area to activate the product.	Already have an activation code? Enter your Activation code below and choose continue to proceed.
<input type="button" value="Connect"/>	<input type="button" value="Phone Corel"/>	<input type="text"/>

< Back Continue Cancel

Step 5: Click "Connect" if you are connected to the internet.

Step 6: If activation was successful, click Finish.

If you are having problems connecting, or you don't have an internet connection, click on the **Phone Corel** button to contact the customer service nearest you. You will have to provide the serial number and the installation ID for the support staff to verify.

If you receive errors when activating, or are not able to access the screens outlined above, please contact Customer Support Services, and an agent can assist you with the activation process. A full listing of contact numbers can be found at:
