

COREL™

KnockOut 2

Complex masking with absolute precision

Reasons to Buy

KnockOut 2 quickly performs complex masking and preserves fine image details such as hair, smoke, water, glass, shadows, and blurred or out-of-focus edges.

- Run KnockOut 2 as a plug-in within Adobe® Photoshop®
- Save time with shortcut keys similar to those in Adobe® Photoshop®
- Carbonized for Mac® OS X, with the intuitive Aqua interface
- Work with images in either RGB or CMYK mode
- Perform fine corrections easily with new Brush and Eraser touch-up tools
- Undo/redo up to 99 times
- New Property Bar provides quick access to commonly used tools
