

## **Corel Announces New 'Before and After' Photography Competition**

*Win a Canon EOS 400D DSLR Camera worth over £500 with Corel's Paint Shop Pro Photo XI 'before & after' competition, with 2 runner up prizes of a Wacom® Bamboo™ and a box of Corel® Paint Shop Pro® Photo XI*

**London, Maidenhead - 16 July 2007.** Corel is delighted to announce a new Corel Paint Shop Pro Photo XI 'before and after' competition. This summer, we want you to show us how far you can go improving a photo using Corel Paint Shop Pro Photo XI. Paint Shop Pro Photo users, photography hobbyists and enthusiasts alike are welcome to enter the competition and have the opportunity to win the grand prize - a Canon EOS 400D DSLR Camera.

To enter this fun new competition and have a chance to win this amazing prize, visit [www.corel.co.uk/beforeandafter](http://www.corel.co.uk/beforeandafter) and follow these four simple steps:

1. Download your free 30-day trial of the award-winning Corel Paint Shop Pro Photo XI-Corel's flagship digital imaging software package which provides easy-to-use, professional-quality photo editing at an affordable price
2. Go through your photos and choose the most dreadful photo that wasn't worthy of a place in your album
3. Now, the transformation can begin. Using your downloaded trial of Corel Paint Shop Pro Photo XI, you can edit the photo as required / desired. Use the Unique Learning Centre for tips on what tools to use
4. When your work of art is complete and you are happy to reveal it, simply submit the two photos - both the 'before' and 'after' image using one of the methods suggested on the website above mentioned website

We have also provided you with a tips and tricks tutorial for that extra bit of help. There are some really simple edits that you can do, such as reducing red eye, removing blemishes, whitening teeth, adding a bit of a tan or removing objects out of photos. Choose from over 500 effects or why not be more adventurous, and try the Skin

Smoothing feature to remove wrinkles or change the colour of something within the photo such as clothing or an object with the Colour Changer. Even use the Time Machine feature to make photos look like they were taken in another era or processed using historical photo development processes from the 1830s to the 1980s.

So, get photo-editing today and enter our competition for your chance to win.

All entries submissions must be in by Friday 17th August 2007.

For full details on how to enter and terms and conditions, please visit

[www.corel.co.uk/beforeandafter](http://www.corel.co.uk/beforeandafter).

### **About Corel Corporation**

Corel is a leading developer of graphics, productivity and digital media software with more than 100 million users worldwide. The Company's product portfolio includes some of the world's most popular and widely recognized software brands including CorelDRAW® Graphics Suite, Corel® Paint Shop Pro®, Corel® Painter™, Corel DESIGNER®, Corel® WordPerfect® Office, WinZip® and iGrafx®. In 2006, Corel acquired InterVideo, makers of WinDVD®, and Ulead, a leading developer of video, imaging and DVD authoring software. Designed to help people become more productive and express their creative potential, Corel's software strives to set a higher standard for value with full-featured products that are easier to learn and use. The industry has responded with hundreds of awards recognizing Corel's leadership in software innovation, design and value.

Corel's products are sold in more than 75 countries through a well-established network of international resellers, retailers, original equipment manufacturers, online providers and Corel's global websites. The Company's headquarters are located in Ottawa, Canada with major offices in the United States, United Kingdom, Germany, China, Taiwan and Japan. Corel's stock is traded on the NASDAQ under the symbol CREL and on the TSX under the symbol CRE. [www.corel.com](http://www.corel.com)
