

Corel Education License program

Special pricing through MHEC Technology Programs

At the heart of Corel is a team of people who are committed to delivering software and tools that make a difference in the way people learn, work and express themselves. We offer state-of-the-art photo, video and graphic design software, with an exclusive savings program for members of the Midwestern Higher Education Compact (MHEC) and its sister compacts, the New England Board of Higher Education (NEBHE), the Southern Regional Education Board (SREB) and the Western Interstate Commission for Higher Education (WICHE). Now you can bring powerful, world-renowned products to your school at the lowest price possible.

Corel provides a strong foundation for teaching the fundamentals, with products that are user friendly and easy to learn, and comprehensive training for every skill level. We also offer an Education License program that gives you incredible value—a **savings of up to 96% off the regular price**—for multiple seats, without the hassle of contracts, fees or restrictions. The MHEC/Corel partnership gives institutions flexible options, straightforward perpetual licensing with optional Maintenance, and even greater savings than our standard Education pricing.

Transactional Licensing

No minimum purchase, no contract, no ongoing commitment

If your institution is looking for simple licensing that allows you to buy what you need, only when you need it, then Transactional Licensing is for you. Transactional Licensing offers a convenient, simple and flexible purchasing solution with no minimum purchase, no contract and no ongoing commitment. The volume license packs also drop significantly in price as you increase in volume.

Transactional Licensing includes:

- Single-user, 50-pack, 100-pack, 250-pack and 1,000+ seat licenses
- 1-year Maintenance available for all levels
- Some products available at Single-user License level only: PaintShop Pro® and VideoStudio Pro®

Creative Pack Site License

Exclusive to members of MHEC and its sister compacts!

Corel has teamed up with MHEC to offer a comprehensive site license of 6 distinct Corel products for just dollars a seat. Campus-wide distribution of powerful graphics, photo and video software has never been available at these low price points.

Corel's goal is to make our product line highly affordable, allowing your institution the flexibility to replace or augment your current creative software with leading products for your faculty, staff and students. This comprehensive Creative Pack is only available through the MHEC/Corel agreement. Your entire institution will be equipped with a diverse selection of software, giving individuals access to the tools they rely on most.

Creative Pack includes:

- Products: CorelDRAW® Graphics Suite, Painter®, CorelDRAW® Technical Suite, PaintShop® Pro, PDF Fusion™ and WordPerfect® Office
- 5 license levels (starting at only 1,500 student; seat count based on FTE equivalent)
- 1-year Maintenance option

Corel Education License program

Take-Home Purchase Plan

The lowest price for students and staff

Now students and faculty can purchase a personal copy of Corel software for home use at dramatically reduced prices. This plan is available to all students and faculty attending a MHEC, NEBHE, SREB or WICHE member institution that has a minimum 100-pack or higher product license. Only products licensed by the institution may be purchased by students.

- Individual products are available for only \$15 US
- PhotoVideo Suite is just \$30 US
- The entire Creative Pack is available for \$50 US
- School rebate available.

Government

Flexible and cost-effective options

Transactional Licensing offers Federal, State and local institutions a convenient, simple and flexible purchasing solution. Giving you the ability to adapt your licenses to your department size and budget, this option offers no minimum purchase, no contract and no ongoing commitment.

Transactional Licensing includes:

- Single-user License
- 1-year Maintenance

Training and Support Plans

Customized to suit your needs

Corel offers many valuable training and support options free of charge, but you can also get additional training and support for a fee. Our experts will work with you to provide completely customized solutions that fit your institution's needs.

Training

Get the most out of your Corel products with training options available at no cost to you, including:

- **Discovery Center** – step-by-step tutorials, tips and tricks, webinars and eBooks
- Free curriculum available for some products
- User communities – Facebook, Twitter, YouTube, Pinterest and Corel.com
- **Training videos** – YouTube

Additional training resources that can be utilized for a fee include:

- WebEx or online training
- On-site training
- Third-party training and documentation

Support

Maximize and protect your software investment with Support options available free of charge, including:

- Immediate download and installation support
- Network Deployment Guide
- Online support, Corel Knowledgebase and FAQs
- Online Help

Premium Support is also available for a fee, giving you direct access to Corel's technical support team.
