

Pinnacle Studio 19.5 Boosts Creative Possibilities with All-New Stop Motion Animation

Free to registered users, update adds new Stop Motion Animation features and performance enhancements

OTTAWA, ONTARIO – (Marketwired - April 19, 2016) – Pinnacle today introduces a loyalty update to [Pinnacle Studio™19](#), giving registered customers free access to all-new Stop Motion Animation capabilities along with a variety of performance and speed enhancements. Building on the strengths of its Multi-Cam editing, support for latest generation tech, and enhanced 64-bit playback and performance; the [Pinnacle Studio™19.5](#) product family is ideal for any video enthusiast looking to push their creativity and get closer to professional results.

Tell your stories with all-new Stop Motion Animation

Create big screen-style animations and full-HD stop motion videos. Use your web cam, supported DSLR, or even phone to capture your stop motion movie directly from Pinnacle Studio 19.5. Control camera settings, see overlay frames, set distances and capture frames automatically or manually. It's never been easier or more fun to let your imagination break free.

“The Pinnacle team is always looking to open new creative doors for our users. Whether you're using Multi-Cam to tell your story from every angle or having fun with Stop Motion to make your own animated movie, Pinnacle Studio 19.5 is ideal for anyone who's inspired by the possibilities they see in their favorite films,” said Michel Yavercovski, Senior Director of Product Management for Pinnacle.

With three levels of video editing power to choose from, the Pinnacle Studio product family offers unmatched, affordable video editing power.
