

## **WinZip® for Android Now Offers Dropbox Support for Safer File Storage and Sharing**

*Full version of WinZip® for Android makes it easy to take cloud privacy into your own hands;  
Zip, encrypt and share files directly to your Dropbox account*

MANSFIELD, CONNECTICUT--(Marketwired – December 10, 2014) -- [WinZip](#) has released an update to its [WinZip® for Android](#) app that now offers Dropbox support to make it easier than ever to manage, zip, protect and send files. With the full version of WinZip, take advantage of powerful features that let you combine banking-level security with the convenience of Dropbox cloud storage. The new WinZip for Android is available now on Google Play: <http://bit.ly/WinZipGooglePlay>.

WinZip for Android is available free and offers optional in-app purchases to unlock additional file compression and encryption features including new Dropbox support. Upgrade to the full WinZip to protect your photos, videos and files on Dropbox like never before with instant file compression and encryption. And because WinZip is available on all major platforms, including Windows, Mac, iOS, Android and Blackberry, it's easy to access your files any time, from any device. Maximize your free Dropbox storage space by compressing files and folders. Connect directly to Dropbox to zip, unzip, organize and manage your files.

“With every hack and worrying headline, cloud security grows as a top concern for anyone who’s sharing and saving files in the cloud. When we upload that photo, video or file from our phone or tablet, we want to know that it is really safe,” said Patrick Nichols. “With new integrated support for Dropbox, WinZip Android gives users the peace of mind they need save and share their files with confidence.”

### **Get WinZip power on your Android device free; Upgrade to the full app for Dropbox support and enhanced compression and security features**

With the free WinZip for Android, easily create and email Zip files. Open and save compressed files, whether they're attached to an incoming email, downloaded from a web page or opened from an SD memory card. Take advantage of a streamlined UI that makes it easier than ever to view, navigate and manage files on your device. When downloading new apps, WinZip makes it simple to unzip and install apps delivered as .zip files from Android app stores.

With optional in-app purchases, gain access to these extra features:

- New! Direct access to Dropbox for enhanced security and to maximize storage space
- Unzip virtually any file with added support for Zipx, 7Z, and RAR files

- Get extra security by password-protecting Zip and Zipx files with 128- or 256-bit AES encryption
- Unzip encrypted Zipx, Zip and 7Z files
- Get immediate access to zip & email features for fast and easy file sharing

WinZip for Android is available free from Google Play, Amazon Android Store and the Samsung App Store. Additional file compression, encryption support and enhanced sharing features including direct access to Dropbox are available as optional in-app purchases. Download it from Google Play: <http://bit.ly/WinZipGooglePlay>.
