

New CorelDRAW® Home & Student Suite X7 Offers Professional-Quality Design Tools at an Affordable Price

Latest Release Helps Students and Hobbyists Enhance Their Design Skills

OTTAWA – August 27, 2014 – Corel’s Graphics Software group today released [CorelDRAW® Home & Student Suite X7](#), the latest version of its Home & Student software package. With graphic design, illustration, tracing, photo-editing and web graphics capabilities, the suite offers a comprehensive design solution at an affordable price. As a non-commercial-use product, it helps students and hobbyists build a graphic-design career by giving them a starting point.

“Learning is one of the most important aspects of a designer’s career,” said Gérard Métrailler, Vice President, Product Management, CorelDRAW. “Our goal is to make sure the learning process is accessible to those entering the design world. With CorelDRAW Home & Student Suite X7, students and hobbyists have access to a comprehensive solution that allows them to practice and develop their skills, without the cost of a commercial design package.”

No matter what level of design experience a user has, they can express their unique creativity using this intuitive graphics software. This new version features advanced photo-editing tools, a redesigned user interface and powerful fill capabilities, all in an easy-to-learn environment. It creates a comfortable learning space for editing photos and creating reports, drawings, flyers, logos and more.

New and Enhanced Features in CorelDRAW Home & Student Suite X7:

- **NEW Redesigned and Customizable Workspaces:** Choose between Lite and Default workspaces, and customize the workspace to fit a specific workflow
- **NEW Fountain Fills:** Get total control over fills and transparency; create elliptical and rectangular fountain fills, control transparency within the individual colors of a fountain fill, repeat fills within objects and adjust a fill’s angle
- **NEW Advanced Character Tools:** Easily find and insert certain characters with the revamped Insert Character docker
- **NEW Photo-Editing Tools in Corel® PHOTO-PAINT™ Home & Student:** Create unique images with pressure-sensitive liquid tools (Smear, Attract and Twirl) and camera effects (Bokeh blur, Sepia Toning and Time Machine)
- **NEW Alignment Guides:** Position objects quickly and accurately with suggested alignments to nearby objects
- **NEW High DPI Support:** Get a consistent appearance across devices with high DPI monitors; the interface is easily adapted for touchscreen capability, making it compatible with the latest PCs, laptops and tablets

- **NEW Multiple Document Interface:** Work with and switch between numerous documents, across multiple monitors, in a tabbed view to streamline any project
- **Built-in Content Exchange:** Collaborate easily by sharing vector, bitmap and fountain fills with the community through this online repository, integrated with Corel® CONNECT™

CorelDRAW Home & Student Suite X7 Includes:
