

New Corel VideoStudio X9 Delivers Total Creativity in a Surprisingly Easy-To-Use Video Editor

The VideoStudio® X9 family takes creativity to new levels with Multi-Cam Editing, enhanced audio features and controls, boosted performance, and more.

OTTAWA, ONTARIO – (February 16, 2016) – Corel today introduces [VideoStudio® Ultimate X9](#) and [VideoStudio® Pro X9](#), the latest editions of its easier-to-use and highly creative video-editing software. Whether you choose Ultimate or Pro, take advantage of new features including Multi-Camera Editing, enhanced Audio and Balancing controls, support for HEVC (H.265), Multi-Point Motion Tracking and more. With helpful updates to the UI and optimized performance including support for the new 6th Generation Intel Core i7 Processors, the VideoStudio X9 editing environment is faster and more responsive than ever.

For users who want to max out their moviemaking capabilities, Corel VideoStudio Ultimate X9 takes video editing further with support for up to 6 cameras in the Multi-Camera Editor (2 more than Pro), the ability to work with additional formats including MXF (XAVC), and delivers extra value with a premium effects collection featuring 11 apps from NewBlue, Borris Grafitti and ProDAD.

“VideoStudio has long been a stand out in consumer video editing by giving users a highly creative editing environment that’s surprisingly easier to use than other video apps. Whether you’re just getting started or you live and breathe video, VideoStudio’s naturally creative workflow, unique feature set, and freedom to customize makes it an ideal choice for anyone who wants to tell their story through great-looking movies,” said Michel Yavercovski, Senior Director of Product Management for Corel’s video products.

With two levels of video editing power to choose from, find the version of VideoStudio X9 that’s right for your video projects:

VideoStudio Ultimate X9

Total creativity meets surprising ease of use in Corel VideoStudio Ultimate X9. Start fast with Instant Project templates, or edit on the multi-track Timeline. Tell your story from every angle with the new 6 angle Multi-Camera Editor and align clips automatically with audio syncing. Over 2,000 customizable effects, transitions and titles, and 11 bonus premium effects apps give you everything you need to correct common problems and enhance with stunning effects. Audio is crystal clear with new automatic tools to balance levels and the ability to adjust background sound. VideoStudio Ultimate X9 makes sharing easy – upload directly to your favorite websites, create pro-quality DVDs or export and view on popular devices.

VideoStudio Pro X9

From easy and fast, to advanced and fun, Corel VideoStudio Pro X9 has everything you need to make your videos look their best. Make a movie in minutes with FastFlick™ or Instant Projects, or move up to more advanced editing on the multi-track Timeline. Cover all the angles with the new 4 angle Multi-Camera Editor and align clips automatically with audio syncing. With instant fixes for common problems, over 1,500 customizable effects, titles and transitions, including NewBlue FX Video Essentials II creative filters, VideoStudio Pro X9 delivers high-quality results with style that's all your own. Plus, smart audio tools automatically balance levels and keep dialog crystal clear. When you're ready to share, quickly burn to DVD, upload directly to social media or view on popular devices.
