

Feature Comparison

Compress/Decompress	Standard	Pro
NEW! Zip and unzip files quickly and easily with WinZip's new high-performance 64-bit zip engine	Ø	Ø
Create Zip files as much as 50%-80% faster thanks to WinZip's innovative compression algorithms and multi-processor support	Ø	ø
Compress multiple files instantly using WinZip's handy 'Zip My Files' button*	Ø	Ø
Split large Zip files so they fit on removable media	Ø	Ø
Zip and unzip very large Zip files (>4GB)	Ø	Ø
Create Zip, LHA, and Zipx files	Ø	Ø
Open and extract Zip, Zipx, RAR, 7Z, LHA, BZ2, CAB, IMG, ISO, and most other compressed file formats	0	Ø
NEW! Convert other major compressed file formats to Zip format	0	0
Drag files onto the new WinZip Desktop Gadget to instantly zip/unzip them*	Ø	Ø
Use the WinZip Desktop Gadget 'Folder I Choose' option to create or select a target folder for zipping/unzipping files on a case-by-case basis	Ø	0
Apply 'Best Compression' method and WinZip will select the most appropriate compressed file format for you	Ø	Ø
Reduce JPEG image files by 20-25% with no loss of photo quality or data integrity	ø	Ø
Use '1-Click Unzip' to automatically extract the content of an archive into a folder it creates, and then open that folder in Windows Explorer for easy editing access*	Ø	Ø
'Auto Open' a zipped document, spreadsheet, or presentation in its associated Microsoft Office application by simply double-clicking the Zip file within Windows Explorer or Microsoft Outlook*	Ø	0
Use 'Open With' to unzip a compressed file using the default Windows file association (or an application you specify). If you make changes to the opened file, WinZip will offer to save them back to the Zip file for you	Ø	Ø
Employ advanced 'Unzip and Try' functionality to review interrelated components contained within a Zip file (such as an HTML page and its associated graphics)	Ø	Ø
Experience faster zipping performance on most files using optional LZMA compression	Ø	Ø
View international characters in filenames thanks to WinZip's Unicode support	Ø	0
Encrypt / Decrypt	Standard	Pro
Encrypt and decrypt confidential files and email attachments as you zip them	Ø	Ø
Simply check 'Encrypt' to password protect your files and keep them completely secure		
Secure sensitive data with strong, FIPS-197 certified AES encryption (128- and 256-bit)	0	0
Auto-wipe ('shred') temporarily extracted copies of encrypted files using the U.S. Department of Defense standard (DoD 5220.22-M) to prevent misuse	Ø	0
Establish your own password policy by defining complexity requirements	Ø	0
Set or disable available encryption methods		Ø
Package & Share	Standard	Pro
Bundle related files into compact, zipped packages that are perfect for sharing and saving	Ø	Ø
Zip your email attachments so they are smaller, safer, send more reliably, and don't bounce	Ø	0
NEW! Access the ZipSend [™] file delivery web service and send large files (up to 2GB) without worrying about bounced email messages	ø	Ø
NEW! Access the ZipShare [™] web service to upload and post files to Facebook [®]	Ø	0
Apply advanced file sharing options such as 'best method' compression, file encryption, and automatic image resizing*	0	Ø
Zip and email files using the most popular email and webmail systems (WinZip comes configured to work with Microsoft [®] Outlook [®] , Yahoo! [®] Mail, Google [®] Gmail [™] , and Microsoft Live [®] Hotmail [®])	Ø	0
Configure WinZip to support additional email services beyond the preset selections provided with the software	Ø	Ø
Use WinZip's extended enterprise support for IT control over the addition/alteration of email services	Ø	Ø
View the contents of zipped email attachments directly in the Microsoft Outlook preview pane using WinZip's 'Zip File Previewer' functionality**	ø	Ø

Package & Share (continued)	Standard	Pro
Double click on a file in the Zip File Previewer for Microsoft Outlook to instantly open it for viewing**	Ø	0
Resize images while zipping email attachments so your high-resolution pictures send faster and fit standard computer screens*	Ø	0
Quickly create and send Zip files from within Windows Explorer with direct access to file sharing functionality	Ø	Ø
Create self-extracting archives (.exe files) to send to people that may not own WinZip using the built-in 'Self- Extractor Personal Edition'	Ø	0
Display photos in Zip files without extracting them, using WinZip's internal image viewer		Ø
Use the 'Photos' button to quickly transfer photos from supported cameras and iPhones then rotate and compress them into picture shows that are ideal for sharing		Ø
Backup & Automate	Standard	Pro
Backup your documents, email, desktop, favorites, pictures, libraries, etc. with just a click, using one of the predefined backups on the 'Backup' tab*		Ø
Create custom backups for selected filed or folders		Ø
Backup photos directly from your digital camera*		0
Burn backups to CD or DVD (automatically split them over multiple discs if necessary)		Ø
NEW! Burn backups to Blu-ray Disc		Ø
Email backups automatically from virtually any of your email addresses		0
Upload backups to an off-site server using WinZip's internal FTP client		0
Define custom WinZip jobs to automate routine zipping tasks		0
Schedule backups and other WinZip jobs to run automatically and unattended		Ø
Email log files upon completion of backups or other automated jobs from virtually any of your email addresses		0
Email log files upon completion of backups or other automated jobs from virtually any of your email addresses Use the 'WinZip Command Line Support Add-On' for scripting (free add-on)	Ø	0 0
